

GREEN MAP

A PARTNERSHIP BETWEEN THE
FELLOWS OF PATTERN FOR PROGRESS
AND SUSTAINABLE HUDSON VALLEY

WHAT IS A GREEN MAP?

- **Green Map is a map which can be online or in paper form and highlights “green” buildings, places, projects or areas in a geographic area**
- **Green Map is a “copywritten” idea which has been in existence for over 15 years**
- **It is global and has included communities from all over the world including China, Europe and U.S.**
- **It features unique global icons and adaptable tools.**
- **Over 500 unique, vibrant Green Maps have published to date, and hundreds more have been created in classrooms and workshops by youth and adults.**

THE PARTNERSHIP BETWEEN SUSTAINABLE HUDSON VALLEY AND PATTERN FOR PROGRESS

- Why work together
- Sustainable HV needed people “on the ground” gathering data
- Fellows wanted a project with a regional impact which had a deliverable and longevity

SUSTAINABLE HUDSON VALLEY

- **Sustainable Hudson Valley’s mission is to speed up the shift to a low-carbon economy with high quality of life for all, by bringing people together with knowledge and each other.**
- **SHV is a regional organization devoted to sustainable development that builds and shares wealth, restores the environment and contributes positively to communities.**
- **The members are primarily intellectual environmentalist who either live or work in the Hudson Valley. They are on the cutting edge of “green living”.**
- **Melissa Everett, Executive Director**

What is the next step?

- Sustainable HV will continue to populate the map
- The map will become “live” sometime late summer and available on their website and through www.GreenMap.org
- Fellows have the opportunity to continue to support the efforts through Sustainable HV
